Forgetful Bathers Cause More Worry

What with preventing small children from getting into deep water and guarding larger youngsters against drowning at the city swimming school, absent-minded bathers add still more to the worries of Supervisor T. Harland Evans and his staff.

And that applies especially to people who go away from the school leaving their clothing here for us to find in the morning," Evans said today.

Such a scare was his experience Monday morning when he arrived at the swimming school and found a pair of trousers, shorts and a T-shirt piled neatly on a bench outside the school building.

Evans and his assistants worried about the matter until late that evening, when a phone call from someone revealed that the owner of the clothing had driven home in his swimming trunks.

A 1958 Ford gray two-door sedan was stolen sometime after 7:30 p. m. yesterday from a parking place in West avenue, just west of the railroad bridge. It was reported this morning by Sgt. Leland Price of the city police department. The car is owned by Russell Wilson, who resides at 2 Atwater place.

Directors to Elect Directors of Granger Homestead Society, Inc., will meet at the luncheon tomorrow at 3:30 p. m. for election of officers and other business. It was announced today by President Joseph W. Cribb.
