

Elks Too Friendly
STOCKHOLM (INS) — The elk — normally a wild animal — has become too tame and sociable in the Swedish province of Aelvsborg. Officials report the local elks chase school children and snap at their shoes, wander casually over farmlands and destroy crops.

Hollywood: Don't Count Cupid Out
By BOB THOMAS
HOLLYWOOD — Cupid took a blow from Marilyn Monroe and Joe DiMaggio last week, but he also got a boost from Pier Angeli and Vic Damone. News of the Angeli-Damone engagement naturally took a back seat to the Monroe-DiMaggio blowup when both occurred Monday morning. The romantics in the audience may have their

faith restored, partially at least, by the story of the love match between Pier and Vic. They plan to be married Nov. 25. I learned it from the young Italian actress. We were in the MGM commissary, but to her it was Cloud 9. She was in another world, talking like a magpie and flitting around showing people the emerald-cut sparkler Vic had given her the day before. She simmered down long enough to tell me how it all happened. They met three years ago in Germany. He was in the Army and she was making "The Devil Makes Three" with Gene Kelly. Vic called her on the telephone. "This is Vic Damone," he said. "I'm putting on a show tonight for servicemen. I wish you'd put in an appearance for them."
